

## Welcome to Grade One!

Dear Grade One Students,

We are very excited to meet you in September but we hope you have a great summer first! We can't wait to get to know you and hear about your adventures! Here are a few things you need for the first day of grade one:

- \*a complete change of clothes - in case you have accidents or spills (parents please put these in a plastic bag with your child's name on them)
- \*indoor shoes with non-marking soles - these will stay at school (sneakers with Velcro are best these will be used in gym, we don't have time to tie everyone's shoes but they can practice at home!)
- \*a box of Kleenex for the classroom
- \*\$40-\$5 is the fine art fee, \$35 is for the supplies we use all year, thank you if you already paid, the secretaries keep track for us
- \*a note about your after school arrangements - bus number, pick up, walk, etc.

We will learn your routine but *we need a note for the first day* so we can make sure you get home safely (bus numbers and drivers sometimes change, you can call the bus company for the information). If after school arrangements are different on different days, many families give us a note for the week and we keep track of it at school.

Have fun and see you in September!

Sincerely,  
Your Grade One Teachers
